

ECR proudly announces the New Oneida Royal 13 Seer Condensers and Heat Pumps. ECR International is committed to producing products that satisfy the needs of our installers and homeowners. This new line-up of unitary air conditioning is proof of that commitment.

**Condenser and Heat Pump - 1.5 to 5 ton capacity**

**Features:**

- ✓ Factory tested to ensure leak-free construction and proper operation
- ✓ Quality Bristol brand compressors
- ✓ Full metal jacket protects coils from damage
- ✓ Elevated base pan with drain holes to reduce corrosion
- ✓ Copper condenser coils with aluminum fins for maximum heat transfer
- ✓ Liquid line filter dryer protects the compressor
- ✓ Totally enclosed permanently lubricated direct drive fan motor
- ✓ Removable access panels for service and cleaning
- ✓ Brass liquid lines and service valves
- ✓ Fan guard is easily removed for service
- ✓ 5 Year warranty on all parts and compressor

**New Model Numbers:**

Part Number	Description	Ship Wt (lbs.)
C13181VARR	18,000 BTU - 1.5 Ton - Condensing Unit	156
C13241VARR	24,000 BTU - 2.0 Ton - Condensing Unit	194
C13301VARR	30,000 BTU - 2.5 Ton - Condensing Unit	198
C13361VARR	36,000 BTU - 3.0 Ton - Condensing Unit	203
C13421VARR	42,000 BTU - 3.5 Ton - Condensing Unit	231
C13481VARR	48,000 BTU - 4.0 Ton - Condensing Unit	244
C13601VARR	60,000 BTU - 5.0 Ton - Condensing Unit	271
Part Number	Description	Ship Wt (lbs.)
H13181VARR	18,000 BTU - 1.5 Ton - Heat Pump	167
H13241VARR	24,000 BTU - 2.0 Ton - Heat Pump	203
H13301VARR	30,000 BTU - 2.5 Ton - Heat Pump	207
H13361VARR	36,000 BTU - 3.0 Ton - Heat Pump	220
H13421VARR	42,000 BTU - 3.5 Ton - Heat Pump	258
H13481VARR	48,000 BTU - 4.0 Ton - Heat Pump	271
H13601VARR	60,000 BTU - 5.0 Ton - Heat Pump	315
